ERNEST C. MANNING
AWARDS FOUNDATION

SUPPORTING INNOVATION · THE 37TH MANNING INNOVATION AWARDS
PRESENTED BY SCOTIABANK · 24|10|18 · SCOTIABANK CENTRE · TORONTO

Join Canada's innovation leaders by celebrating + empowering our 2018 Manning Laureates

Together, we will strengthen Canada's innovation culture, while elevating the pride of our nation.

We believe that by partnering with leading change agents like you, Canada can improve its global standing and be amongst the most innovative countries in the world. Together, as like-minded organizations, we will inspire and mobilize the next generation of innovators, so that we can build a future beyond our imagination.

Canadian innovators and entrepreneurs are world class

Their desire to grow a business here benefits every Canadian.

Jim Balsillie

Be part of Canada's premier celebration of Canadian Innovators

Now entering our 37th year, the Manning Innovation Awards recognize and reward the contributions of Canada's most outstanding innovators.

Supported by a three-part, Nobel-inspired evaluation and selection process, we ensure that only the most deserving innovators receive one of four innovation awards, totaling \$145,000.

The awards, based on stringent criteria and a rigorous, independent evaluation process, include:

- \$100,000 Principal Innovation Award
- \$25,000 David E. Mitchell Award of Distinction
- \$10,000 Manning Innovation Awards (2)

Each fall, Canada's innovation leaders come together to celebrate the new Manning Laureates. The Awards Dinner serves as the culmination of the Foundation's year of discovering, encouraging and rewarding Canadian innovators, who are solving some of the world's biggest challenges. By telling their stories and celebrating their accomplishments, we will inspire others to innovate and foster a sense of national pride.

Align your brand with innovation

Join the celebration of Canadian innovators, featured at these four events on October 23-24th.

OCTOBER 23

UNIVERSITY OF TORONTO ONRamp

Innovation Symposium
Presentations by Manning Laureates and emerging innovators
